Accurately achieve results at TRUE higher speeds.

Double the acres you plant in a day with True Speed™, a high speed electric drive meter that controls seed from meter to seed trench. The result is precise singulation and seed spacing with various seed shapes and sizes from 3-12 mph. An easy to maintain design that saves you time and money, resulting in a lower cost of ownership.

- Complete control of seed from disc to flighted belt and then on to the seed trench
- Low cost of ownership – industry leading wear life components
- Easy maintenance
- Self-aligning delivery tube ensures proper placement
- Easy to remove disc
- Quick seed type changeover
- Meter lock-up for easy serviceability
- Tool-less meter and delivery tube allows for simple, low cost maintenance
- Only 3-clicks required to set up for planting with the Blue Vantage display
- Plants both corn and soybeans

No adjust singulator
One singulator for all crop types requires no adjustment

Unique meter orientation
Perpendicular meter orientation provides seamless seed handoff from disc to delivery tube

Unique seed disc paddle design
Provides positive load-in and holds the seed for precise handoff to delivery belt

Kevlar reinforced belt
Increased wear life of components resulting in a lower cost of ownership and eliminates the need to remove at the end of the season

Lowest release points in the industry
For superior Coefficient of Variation (COV)

Brush wheel
- Keeps seed in control with a positive handoff from the seed disc to the delivery belt
- Longer life and low cost replacement provides lower cost of ownership
Accuracy at your speed to maximize field efficiency and planting performance at speeds from 3-12 mph.

Plant at 6 mph

Field avg 9 mph = 45 acres/hr
10 hour days (x 7) = 3,178 acres

Field avg 6 mph = 31 acres/hr
10 hour days (x 7) = 2,135 acres

Field avg 8.6 mph = 44 acres/hr
10 hour days (x 7) = 3,066 acres

Field avg 6 mph = 31 acres/hr
10 hour days (x 7) = 2,135 acres

Field Avg 6.75 mph = 34 acres/hr
10 hour days (x 7) = 2,401 acres

Maximize speed and acres covered where you can
